EDUCATION

- VIT Bhopal University** 2022–2026
B.Tech in CSE (Cloud Computing & Automation) CGPA: 8.91
- Swami Dhananjay Das Kathia Baba Mission School** 2022
Senior Secondary (CBSE) 87%
- Saint Paul's School** 2020
Matriculation (ICSE) 84%

TECHNICAL SKILLS

Languages Java, C/C++, SQL, JavaScript, HTML/CSS
Cloud/DevOps AWS (EC2, S3, Lambda), Docker, CI/CD, IoT Platforms
Tools MySQL, Git, VS Code, Arduino IDE
Frameworks React, Node.js, Bootstrap, TensorFlow

PROJECTS

- Smart IoT Home Automation System** *NodeMCU, AWS IoT, Blynk* Oct 2023
 - Designed a cost-effective system controlling 10+ appliances via smartphone/voice commands
 - Integrated AWS IoT Core for cloud logging; reduced energy consumption by 25
 - Implemented fault tolerance with automatic backup to local server during outages
 - Team: 5 members —
- Real-Time Water Quality Monitoring** *AWS, TDS Sensor, MySQL* May 2024
 - Deployed IoT sensors across 3 test locations with 95
 - Developed AWS Lambda functions for anomaly detection (identified 12 contamination events)
 - Created dashboard using QuickSight; reduced analysis time by 60
 - Team: 5 members —
- Mental Health AI Chatbot** *OpenAI API, React, Firebase, Machine Learning in Python* May 2025
 - Trained NLP model on 100+ mental health QA pairs achieving 88
 - Reduced response latency to 1.2s through Firebase optimization
 - Featured in University Tech Fair with 100+ active monthly users
 - Team: 7 members —

CERTIFICATIONS

- Smart India Hackathon Finalist** 2023
[link](#) - Ministry of Education — Team Phenotech Buddy (Cognitive Assistance) - Among top 1
- AWS Certified Solutions Architect - Associate** 2024
[link](#) - Earned after completing 60+ hours of hands-on labs on EC2, S3, and VPC configurations
- Complete Python Bootcamp (Sagar EdTech)** 2023
[link](#) - Covered OOP, APIs, Pandas; built 5 projects including web scraper and data visualizer
- MERN Stack Certification (Ethnus)** 2024
[link](#) - 3-month intensive program covering MongoDB, Express, React, and Node.js
- Applied Machine Learning (Coursera)** 2023
[link](#) - Implemented classification algorithms with Scikit-learn (95 final grade)
- C++ Advanced Concepts (Scaler)** 2022
[link](#) - Mastered STL, multithreading, and performance optimization techniques

POSITIONS OF RESPONSIBILITY

- President**, CloudZone Club, VIT-B November 2023 – November 2025
- Directed the organization of 15+ tech talks, competitions, and debates focused on technology and cloud computing, leveraging strategic planning, multitasking, and project management skills.
 - Implemented innovative strategies to enhance engagement and participation, demonstrating leadership, problem-solving, and the ability to drive impactful outcomes in a dynamic environment.
- Program Representative**, VIT Bhopal University November 2022 – October 2023
- Acted as a liaison for over 300 students, addressing academic and administrative concerns, which improved communication channels and effectively resolved issues between students and faculty.
