EDUCATION

- **VIT Bhopal University** 2022–2026
B.Tech in Computer Science (Cloud Computing & Automation) **CGPA: 8.99**
Relevant Coursework: Data Structures, Algorithms, Cloud Computing, Databases
- **Swami Dhananjay Das Kathia Baba Mission School** 2022
Senior Secondary (CBSE) **87%**
- **Saint Paul's School** 2020
Matriculation (ICSE) **82.6%**

TECHNICAL SKILLS

Core Languages: Java (Proficient), C/C++, Python, JavaScript
Web & Databases: SQL, React, Node.js, HTML/CSS, MongoDB
Cloud & DevOps: AWS (EC2, S3, Lambda, VPC), CI/CD, Docker, Firebase
Tools & IDEs: Git, VS Code, IntelliJ, MySQL, Postman
CS Fundamentals: **Data Structures & Algorithms**, OOP, System Design, Computer Networks, Operating Systems

PROJECTS

- **Smart IoT Home Automation System** *ESP8266, IFTTT gateway, MQTT, Alexa API* Aug 2023–Nov 2023
 - Built voice-controlled system using MQTT protocol, reducing device response time by 40% (Invent & Simplify).
 - Led team of 5 to deliver 100% hands-free functionality 2 weeks ahead of deadline (Bias for Action).
 - Generated a voice-activated IoT home automation system using ESP8266 and MQTT protocol, enabling hands-free control of few common household devices via Alexa and Google Assistant.
- **Real-Time Water Quality Monitoring** *pH Sensor, NodeMCU, Firebase, Blynk* Feb 2024–June 2024
 - Achieved 98% data accuracy with IoT sensors; deployed fault-tolerant pipeline (99.8% uptime).
 - Integrated Firebase/Blynk, improving data accessibility by 80% for environmental agencies (Customer Obsession).
 - Integrated Blynk IoT platform and Firebase to enable real-time water quality data transmission and cloud storage, improving data accessibility by 80% (team of 5)
- **Mental Health AI Chatbot** *OpenAI API, DistilBERT, HTML, CSS, JavaScript* Nov 2024–Apr 2025
 - Developed responsive mental health platform addressing India's psychiatrist shortage (1:10,000 ratio)
 - Engineered NLP model (85% accuracy) processing 100+ queries/day, reducing response time by 40%.
 - Deployed chatbot improving engagement by 60%; addressed India's psychiatrist shortage (Ownership).

CERTIFICATIONS

- **AWS Certified Solutions Architect - Associate (Ethnus)** 2024
[link](#) - Earned after completing 60+ hours of hands-on labs on EC2, S3, and VPC configurations
- **Smart India Hackathon** 2023
[link](#) - Ministry of Education — Team Phenotech Buddy (Cognitive Assistance) - Among top 100 of 10,000+ teams nationwide
- **SQL for Data Analysis (LinkedIn Learning)** 2023
[link](#) - SQL techniques for data extraction, transformation, and analysis - Gained foundational skills for database querying
- **MERN Stack Certification (Ethnus)** 2024
[link](#) - 3-month intensive program covering MongoDB, Express, React, and Node.js

POSITIONS OF RESPONSIBILITY

- President**, CloudZone Club, VIT-B November 2023 – November 2025
- - Revitalized CloudZone Club by introducing hands-on labs and mentorship programs, fostering a 50% increase in active participation. Collaborated with faculty to secure 20K in funding for tech events, attracting 150+ attendees
- Event Management**, North-East Club, VIT-B August 2024 – October 2025
- Acted as a liaison for over 300 students, addressing academic and administrative concerns, which improved communication channels and effectively resolved issues between students and faculty.
