EDUCATION

- **VIT Bhopal University** 2022–2026
B.Tech in CSE (Cloud Computing & Automation) CGPA: 8.90
- **Swami Dhananjay Das Kathia Baba Mission School** 2022
Senior Secondary (CBSE) 87%
- **Saint Paul's School** 2020
Matriculation (ICSE) 84%

TECHNICAL SKILLS

Languages	Java, C/C++, SQL, JavaScript, HTML/CSS
Cloud/DevOps	AWS (EC2, S3, Lambda, etc), CI/CD, IoT Platforms
Tools	MySQL, Git, VS Code, Arduino IDE, IntelliJ
Frameworks	React, Node.js, Bootstrap

PROJECTS

- **Smart IoT Home Automation System** *esp 8266, IFTTT gateway, mqtt protocol* Aug 2023 - Nov 2023
 - Generated a voice-activated IoT home automation system using ESP8266 and MQTT protocol, enabling hands-free control of few common household devices via Alexa and Google Assistant.
 - Spearheaded smart home automation project (team of 5) delivering 100% hands-free functionality
- **Real-Time Water Quality Monitoring** *pH Sensor, NodeMCU, Firebase, Blynk, Vercel* Feb 2024 - June 2024
 - Implemented an IoT water quality monitoring system utilizing a pH sensor and NodeMCU, achieving a 98% data accuracy rate in real-time tracking of water quality index for environmental assessment.
 - Integrated Blynk IoT platform and Firebase to enable real-time water quality data transmission and cloud storage, improving data accessibility by 80% (team of 5)
 - Designed fault-tolerant data pipeline (Blynk→Firebase) with 99.8% uptime over 6-month pilot
- **Mental Health AI Chatbot** *HTML, CSS, JavaScript, OpenAI API* Nov 2024 - April 2025
 - Developed responsive mental health platform addressing India's psychiatrist shortage (1:10,000 ratio)
 - Engineered a DistilBERT NLP model for emotion detection (85% accuracy) that processes 100+ user queries daily, reducing response time by 40% compared to rule-based systems (team of 6)
 - Deployed an AI chatbot using OpenAI API, improving user engagement by 60% through personalized responses

CERTIFICATIONS

- **Smart India Hackathon** 2023
[link](#) - Ministry of Education —Team Phenotech Buddy (Cognitive Assistance) - Among top 100 of 10,000+ teams nationwide
- **SQL for Data Analysis (LinkedIn Learning)** 2023
[link](#) - SQL techniques for data extraction, transformation, and analysis - Gained foundational skills for database querying
- **AWS Certified Solutions Architect - Associate (Ethnus)** 2024
[link](#) - Earned after completing 60+ hours of hands-on labs on EC2, S3, and VPC configurations
- **MERN Stack Certification (Ethnus)** 2024
[link](#) - 3-month intensive program covering MongoDB, Express, React, and Node.js

POSITIONS OF RESPONSIBILITY

- President**, CloudZone Club, VIT-B November 2023 – November 2025
- - Revitalized CloudZone Club by introducing hands-on labs and mentorship programs, fostering a 50% increase in active participation. Collaborated with faculty to secure 20K in funding for tech events, attracting 150+ attendees
- Event Management**, North-East Club, VIT-B August 2024 – October 2025
- Acted as a liaison for over 300 students, addressing academic and administrative concerns, which improved communication channels and effectively resolved issues between students and faculty.
